

# ***Soul Body Fusion® Amplified: Deepening SBF for Certified Practitioners***

**You must have attended a 1-day SBF before in order to take this SPECIAL day.**

*The energies of Soul Body Fusion® are rapidly expanding!*

This SPECIAL day will allow us to go deeper into the truly transformational aspects of Soul Body Fusion® We begin having you truly feel that 'your body is Divine.' This Advanced SBF workshop will include energies of the goddess Ashtatara and an Initiatory space where you will be able to receive and hold more of your soul / spirit than you ever imagined. This will allow us to use the rapidly expanding energies of these times for our own growth, healing and well-being. You will experience more powerful Fusions than ever before. We will also work with Fusing Universal energies into Mother Earth.

*"I have had issues with hearing since I was a child. Reading the Soul Body Fusion book was a turning point of my healing. I then had a remote session, it was great session and I felt so grounded. It seems this is what my body needed all these years.. Then the magic happened .. The next day I felt some bubbling in my ear .. It was opening! I hear very clear now! My hearing is back!! I feel so great and confident!"*
